

MEET YOUR ONLINE TEACHERS FOR THE HEALING MIRACLES OF JESUS THE FOUNDATIONAL STUDY OF OSL

The Rev. Kathleen Adams

This class is a joy to lead! I have met so many wonderful people desiring to become Healing Prayer Ministers. We are not teaching a methodology for healing prayer. Rather it is in seeing how Jesus healed that we learn how to pray for healing. We meet for 2 hours weekly for 14 weeks and delve into two lessons each week. In this three-month course, participants discern if they are called to healing prayer ministry. My classes are structured around discussions which are based upon participants' observations from the passages. As we read each one, I especially enjoy hearing what they discover. The lessons are arranged thematically and supplemented with maps and other documents to enhance our study. Our prayer practicum time is integral to learning how to pray for one another. I appreciate that the curriculum is centered upon the healing accounts of Jesus which guide us in learning how to pray for healing as Jesus did.

The Rev. Ron Barkhouse

Every day I encounter people in bondage with illnesses, diseases, infirmities, anxieties and more, and what moves me in my spirit is that many don't realize that Jesus can free them and heal them. It is such an awesome privilege to pray for people in the power of Jesus' name and see them receive freedom. As your host I am excited to journey with you, learning how Jesus ministered healing, deliverance and proclaimed the kingdom of God to all people with love and compassion. I will endeavor to make the classes inviting and engaging as we learn to do what Jesus did and so live out this promise from John 14:12b *"Truly, truly, I say to you, whoever believes in me will also do the works that I do; and greater works than these will he do."* I hope that after this course we will all have the confidence and boldness in the Holy Spirit to do just that!

Dr. Jay Beavers

The good news is that Christ has come to bring healing and restoration to the world through the power of the Holy Spirit, and the better news is that God invites us to participate with Him in this glorious ministry! This class is designed to help us not be mere hearers of the word, but doers also. We will pay close attention to the Teacher, following in his footsteps like the disciples as we learn how he brings healing to the suffering ones. Then we will practice praying for one another so that we too can be ministers of the Holy Spirit to a hurting world. Our class will meet for two hours at a time over 14 weeks. I hope you will join us, and I am excited to join with you on this journey as we learn to be more like Christ in thought, word, and deed.

Carolyn Burns and Sharon Okada

We want you to feel like you are going on a journey with Jesus as the people around him discern who he is. You will see him in the context of his time and place as we guide you through his acts of healing as he encounters those in need. We look at what Jesus did and what he said to guide us in our role as prayer ministers. You will come away with a deeper knowledge of Scripture and a new perception of yourself in the role of prayer minister. Our class will meet for two hours, three times monthly, online on Zoom

Dr. Gary Hewins

You and I are healing ministers in the making! We will all benefit from one another's insights and experiences as we gain understanding in areas we seldom even considered. Together we will study the Master. As we meet and share and pray, we are prepping for biblical results. People will be healed, set free and astounded by the loving power of God as we explore avenues to healing otherwise overlooked by seasoned ministers. Many are grateful for effectual, powerful, prayer ministries but together we will form a fruitful healing ministry knowing that each ministry is unique and interdependent.

The Rev. Anders Litzell

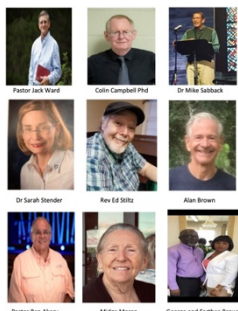

Discipleship is about becoming like Jesus in thought, word and deed. What I love about the 26 Healing Miracles of Jesus course is the way we are steeping ourselves in Jesus' actions, attitude, compassion - and how He responds to human need and suffering with the power of His Father and Our Father; His God and our God. This course will inspire our imagination for how God could - is willing - to carry on Jesus' work to save, heal and deliver through us, His Church. We will gain practical experience in prayer and we will study every aspect we can find of how Jesus meets, engages with, and heals all who ask Him to be made whole.

The Rev. Don Parker

This is OSL's foundational course that is designed to help participants discern whether or not they are called into the healing ministry of Jesus Christ. **The unique aspect of this particular course is that it is for men.** It is a fourteen-week adventure into the exciting world of Christian healing led by Jesus! Participants will investigate the healing miracles of Jesus and share insights about healing and about the person of Jesus that each has discovered. This is also a "doing" course and participants will pray for one another, helping each person to grow as a Man of God with confidence to pray with those in need. I will serve as the facilitator. Each class session will present two amazing healing miracles that will offer a wealth of insights for our discussions. Participating in this course will help you be a Man of God equipped to partner with Jesus to heal the sick.

Team taught by OSL Charleston, Coordinator Dr. Mike Sabback

This Bible study is especially suited for beginning and advanced prayer ministers, healthcare workers, prayer warriors and others who want to deepen their ministry of healing, deliverance, and intercession. In each session of this nine-week course we will examine how Jesus healed and drove out demons using three of the 26 healing accounts in the Gospels as the basis for our study. We will also present a topic related to the healing ministry for discussion and further elucidation. There will be time in each session for prayer exercises related to each week's topic and/or to pray for one another using the techniques that we have learned. After the course is completed, a Morning of Soaking and Healing Prayer will be held so that the new graduates can use the skills they have acquired in a supervised setting.

The Rev. Dolores Wiens

The Healing Miracles of Jesus is a rich study of "how Jesus did it." I am excited to grow with you in understanding how Jesus ministered healing and deliverance; how he poured out his love and compassion on all who came to him. We will engage one another with the observations we make as we study these scriptures. We will invite the Holy Spirit to release us through a fresh anointing to prepare us to do the works that he did. Our faith will grow strong as
